Professional Summary

Frontend Developer & UI/UX Designer with 5+ years in graphic design and 3 in development. Experienced with Figma, Photoshop and dev tools like Vue.js, Nuxt, and Tailwind. I build responsive, user-centered interfaces that blend visual clarity with clean code.

Work Experience

LUKSO • UI/UX Designer & Graphic Designer

2024 - Present

- Design and develop visual assets to support LUKSO's content and community growth.
- Create UI/UX content to explain LUKSO's tech, with posts reaching 5K+ views on Twitter.

Blind Gallery • UI/UX Designer & Frontend Developer

2022 - 2024

- Led design and development for Web3 projects, including Blind Gallery, an NFT marketplace with anonymous artist drops.
- Built a collector community and partnered with platforms like Feral File and artists like Zancan. Generated \$15K in primary sales and 300+ mints.
- Co-created Academy, a Tezos dApp awarded with a foundation grant.

Digital Artist

2021 - 2024

- Created and sold over 100 digital artworks as NFTs, establishing a presence in the Web3 art market.
- My digital art was exhibited in New York, Argentina, Spain, and Mexico.

Grupo + BTL - Graphic Designer

2020 - 2021

- Designed advertising creatives for social media campaigns that boosted engagement.
- Worked with 15+ brands, creating design assets and digital campaigns.

Education

Universidad de Guadalajara – B.A. in Graphic Design

2017 - 2021

Conalep – Technical Degree in Computing

2012 – 2015
